Slab Roller

- Easy roller adjustment with thickness indicator.
- Large diameter operator handle for easy rolling .
- Comes complete with canvas.
- Large work table [length 1.2m x 0.76m wide]

Venco now offer a durable, economical slab roller. The slab roller will easily roll slabs up to 7.5 cm thick using the large diameter wheel. An indicator shows adjustment of the roller so that slabs may easily be duplicated at any time. The slab roller comes with durable canvas sheets.

The extremely stable is manufactured from galvanised steel and then powder coated making it very durable even in classroom conditions. The table tops are made from hand oiled marine plywood.

\$2,235.50
