

ETCHING & LINO PRINTING PRESSES

MORE THAN 45 YEARS MAKING PRESSES IN AUSTRALIA.

The presses are now manufactured for Hillday by ABC Light Engineering

All the presses can be used for Metal plate, Wood Block

- **LARGER LIGHT DUTY MODELS Available in Direct Drive only.**

LARGER LIGHT DUTY MODELS. All of our presses are of a proven design.

Larger Model Presses

Light Duty Direct Drive

Larger Model 22-48 Direct Drive Press Bench Mounted.

The **Larger model Direct drive presses** are an inexpensive light duty press on which larger work can be produced. They have the same size of some of the Semi Professional model presses but with a lower price range.

The Large model Direct drive presses are available only in direct drive, (Where the Hand wheel is connected directly to the bottom roller) The Larger model Direct Drive presses can be either Bench mounted or come with a stand. A set of heavy duty lockable castors can be fitted to the stand. This is very handy to move the kiln out of the way when not being used.

The **Top Roller** is 114 mm (4½") Dia. Machined and ground to high standard of finish.

The **Bottom Roller** is 89 mm (3½") Dia. Coarse Machined.

The **Hand wheel** is 660 mm (26") Dia.
