

ETCHING & LINO PRINTING PRESSES

MORE THAN 45 YEARS MAKING PRESSES IN AUSTRALIA.

The presses are now manufactured for Hilldav by ABC Light Engineering

All the presses can be used for **Metal plate, Wood Block** and **Lino Printing**.

- **PROFESSIONAL MODELS.** With double Gear Reduction Drive, Heavy Duty Shaft and Bearings.

PROFESSIONAL MODELS

All of our presses are of a proven design.

Professional Model Presses

With DOUBLE REDUCTION DRIVE, HEAVY DUTY SHAFTS and BEARINGS.

These are a much larger presses, built using Hilldav's unique design. They are used by Professional Print Makers, Colleges of TAFE and Universities.

This range of presses has a large Hand Wheel of 1,016 mm (40") Diameter driving through Double reduction gearing with a ratio of 16:1 to the Bottom Roller giving the operator the best touch and feel of the work as it passes through the rollers. Both the top and bottom roller are 216 mm (8½") Dia. The top roller is fine machined and ground, while the bottom roller is Coarse machined. The bed plate has adjustable bearings for both height and guidance.

The largest press that we make the 1m-2m Press.

28-54 Model

36-54 Model press in use.
