

ETCHING & LINO PRINTING PRESSES

MORE THAN 45 YEARS MAKING PRESSES IN AUSTRALIA.

The presses are now manufactured for Hilldav by ABC Light Engineering

All the presses can be used for Metal plate, Wood Block
and Lino Printing.

- **SEMI PROFESSIONAL MODELS.** With Gear Reduction, heavy duty shafts & Bearings.

SEMI PROFESSIONAL MODELS. All of our presses are of a proven design.

Semi Professional Model Presses

With GEAR REDUCTION DRIVE, HEAVY DUTY SHAFT and BEARINGS

The picture shows the adjustable bed

This press is for serious print makers, they are all Reduction Drive with a gear Ratio of 3:1. This gear reduction using roller chain from the hand wheel to the bottom roller, this requires less effort to drive the bed through the rollers.

The press comes with heavy duty shafts and bearings.

The Semi Professional press comes on a stand with Castors as standard.

The **Top Roller** is 114 mm (4½") Dia. Machined and ground to high standard of finish.

The **Bottom Roller** is 114 mm (4½") Dia. Coarse Machined.

The **Hand wheel** is 660 mm (26") Dia.
