- **PROFESSIONAL MODELS.** With double Gear Reduction Drive, Heavy Duty Shaft and Bearings.

LARGER LIGHT DUTY MODELS. All of our presses are of a proven design.

Larger Model Presses

Light Duty Direct Drive

Larger Model 22-48 Direct Drive Press Bench Mounted.

The Larger model Direct drive press is an inexpensive light duty press on which larger work can be produced. They have the size of some of the Semi Professional model presses with a lower price range.

The Larger model Direct drive presses are available only in direct drive, (Where the Hand wheel is connected directly to the bottom roller) The Larger model Direct Drive presses can be either Bench mounted or come with a stand. A set of heavy duty lockable castors can be fitted to the stand. This is very handy to move the press out of the way when not being used.

Heavy Duty Lockable castors can be fitted to the stand to make moving the press easier.

The Top Roller is 114 mm (4½") Dia. Machined to a high standard of finish.

The Bottom Roller is 89 mm (3½") Dia. Coarse Machined.

The Hand wheel is 660 mm (26") Dia.

The bed has a retaining strap to help prevent a falling hazard
